

3M™ Coloured Translucent Films

Now available in more than 100 colours – including 34 new additions.

3M™ Envision™ Translucent Film Series 3730

Customize the brightness* and energy efficiency of your illuminated signs with films that are optimized for use with LEDs.

Leaf indicates greener solutions that don't sacrifice performance.

Can't find your colour?

No problem – we can custom match colours for you. Contact your local 3M distributor or sales representative to find out how easy it is to get the perfect film for your needs in the perfect color for your brand.

3M™ Scotchcal™ Translucent Graphic Film Series 3630

Get the attention you deserve with films that make your brand look great around the clock.

Colours shown on a monitor and when printed are approximate representations of actual colour available. Some of these products are a simulation of the closest PANTONE®-identified color standard. Consult current PANTONE Colour Publications for accurate colour.
